Let's craft, tinker, and invent at the library!

On Saturday, March 25, the Warren County Library System is participating in New Jersey Makers Day, a statewide event that celebrates Maker culture. It emphasizes a hands-on approach to life, and the library is the perfect place to check it out. The maker movement in the United States isn't just a hobby; it's having a significant impact on school curriculum development and growing local economies. Using everything from cutting edge technologies to throwback tech-

niques, Maker culture facilitates a sense of community and fun as people come together to make, innovate, and create.

Stop by your local branch between 10:00am and 3:00pm for hands-on lessons including button making, model rocket building, and papier-mâché. Check out demonstrations of 3D Printers and Robotics. Try your hand in jewelry crafting, origami, or maze making. And you simply must make a "Tiny Dancer," the featured project of the statewide celebration. There really is something for everyone at the New Jersey Makers Day.

With 262 participating sites throughout the state, the Warren County Library System is proud to be the hub

site for our county. "We are thrilled to bring this type of programming to Warren County," said director Maureen Wilkinson. "At the library, we are committed to providing opportunities for the public to acquire new skills and to work collaboratively on stimulating, hands-on projects." Community members of all ages are invited to join us for an exciting day filled with activities focusing on Maker culture.

For more information, please contact Maryjean at 908-475-6386 or visit www.warrenlib.org. Check inside to see what activities our branches are offering and go wherever your interests lead you. Find out more about NJ Makers Day at www.njmakersday.org.

With Deepest Sympathy

We are sad to announce that the Warren County Library has lost a dear friend and colleague. Marilyn Grandin, former branch manager, passed away on February 26, 2017. Marilyn started with the Catherine Dickson Hofman Library back when it was the town library in the Old Mill on Main Street in Blairstown. When the town decided to join the Warren County Library system, Mari-

lyn was an integral part of the merger.

No matter the size of the library, Marilyn was dedicated to the community. She made all members feel welcome and recognized that each staff member had something special to bring to the worktable. She established the library as a vital community resource, embracing new technology and

providing innovative services and programs.

Marilyn's love of life, enthusiasm, and energy were an inspiration to all whose lives she touched, and she will always be remembered with a smile.

It was truly a privilege to work with Marilyn and a pleasure to know her. Our hearts go out to the Grandin family at this time.
