Hey...we're talking to you

Starting in July our website will be talking. The library is adding a new feature on our website, *sitescues*, that will read aloud and enlarge text on our website. There is nothing for users to install—just click on the icon at the top of our website and choose your level of magnification or read aloud

preferences. *Sitescues* will remember your computer and will work on all pages of our website.

“We want to make our website accessible.” says library director Maureen Wilkinson. “This software will make using our website easier for those with vision or print

difficulties, dyslexia, or English as a second language.”

Sitescues is easy to use with either a mouse or simple keyboard strokes such as the spacebar and arrow keys. Questions? Call our reference desk at 908-475-6321.

<https://instagram.com/warrenlib/>

Follow our account before July 11 and you will be entered into a drawing for a \$25 Amazon gift card! For more chances to win, post a picture from any library branch. Take a shelfie in

front of our bookshelves. Or look around—we have selfie stations where a great pic is just waiting to happen. Book face pix are fun too—if you have one, show it off. Just remember to tag us!

#OnWednesdaysWeReadPink
In homage to *Mean Girls*, one of the greatest teen movies of all time, post books with pink covers.

added to our collection. Subscribe to get a special email alert whenever we get a book by an author you love. AuthorCheck is your way to connect with your favorite authors. You can find AuthorCheck on the Readers Corner page under the Adults tab of our website or <http://tinyurl.com/AuthorCheck>
